

March 6, 2021

Dear Residents and Family:

We continue to review our county positivity rate which changes daily and now has finally dropped below 10%. This means we will resume scheduled supervised distancing visitation. This can continue as long as the county rate is below 10% and we have no residents or staff with positive COVID tests.

When the weather gets much better, we will have outdoor visitation. Until that time, we will have visitation in one of our activity rooms located adjacent to the main entrance, as we did previously.

When you call, we will make an appointment for a 30 minute visit for one or two visitors. Our staff will meet you at the door for screening. We continue following COVID 19 guidelines which include screening, hand hygiene, masking, social distancing, cleaning and disinfecting.

I am hopeful our county positivity rate remains below 10% and our facility rate remains at zero. We will monitor daily and adjust as needed.

The number to call to schedule visitation is 731-363-7818. This phone will be available between the hours of 8:30 a.m. and 3:30 p.m. Monday through Friday. We will try our best to schedule and accommodate your needs.

As I have said in previous letters, we look forward to the day that CMS restrictions are lifted and visitation can return to normal!!

Thank you for helping us meet the needs of our residents as well as our regulatory standards.

Sincerely

Sandra Ray
Administrator
