

Ostomy

We offer ostomy supplies and accessories from companies like Hollister, ConvaTec and Coloplast. Once you entrust us with your care, we keep at least one month's supply of your items on the shelf so that if you have an issue and need supplies before your insurance time allows, you have access to your products. These products will require a prescription.

Urologicals/Incontinence Products

We are pleased to offer many urological products such as catheters and their related supplies. We carry indwelling, intermittent and external varieties. Much like ostomy supplies, we try to keep at least one month's supply on hand in case you need more than your insurance allows during a given time.

We also offer a line of disposable adult pull-ups and diapers in a wide range of sizes and even have washable briefs and panties with extra-absorbent linings.

Wound Care

We have a wide variety of wound care dressings and accessories to help you heal from wounds caused by surgical procedures or accidents.

Enteral Nutrition

We offer enteral nutrition and have everything you need, including pumps and supplies used with a surgically implanted feeding tube as well as the specific nutrition prescribed by your physician.

Aids to Daily Living

- Reachers
- Dressing and dining aids
- Cushions made for specific purposes
- Card holders
- Peddle exercisers
- And more

These products are all retail only but are priced low to make them affordable and help you enjoy an independent life.

Compression Hosiery

Compression hosiery is divided into two categories: TED hose and graduated compression hose.

- TED hose offer 18 mm of compression and are open-toed, white compression garments in both knee-high and thigh-high lengths. They are generally worn before and after surgeries to prevent blood clots from forming and to aid in circulation.

Orthopedic Bracing

We have partnered with DonJoy®, a nationally recognized leader in orthopedic bracing, to provide products to our patients. We offer bracing solutions from your neck down to your ankles to help you comfortably recover from joint-related conditions and injuries.

Respiratory

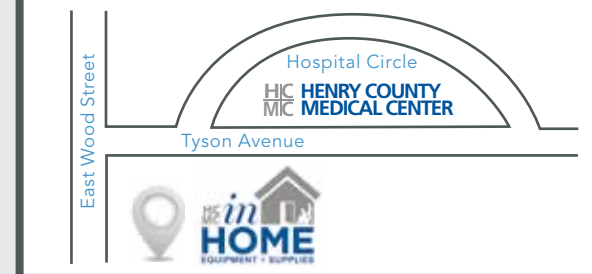

All respiratory products are covered by insurance if qualifications are met. We will work with your physician to obtain the necessary paperwork and work with your insurance company to ensure payment.

- Home oxygen concentrators
- Nebulizers
- CPAP machines
- BiPAP machines
- Respiratory suction units
- Accessories

It is the policy of Henry County Medical Center and its affiliates to treat all patients and not to discriminate with regard to race, color, religion, national origin, age, sex, sexual orientation, gender identity or expression, or disability.

**HMC HENRY COUNTY
MIC MEDICAL CENTER**

HCMC in Home Equipment + Supplies is the only locally owned and operated Durable Medical Equipment (DME) supplier in Paris, TN. We are a department of Henry County Medical Center and are here to serve the patients of HCMC and the citizens of Henry County and the surrounding areas by providing the best medical-grade equipment with the best customer service you can find!

We welcome you to visit our retail showroom, look over our large selection of items, try out the different types of products we offer, and get answers to questions you may have regarding coverage, qualifications, insurance reimbursement and more.

Products

Patient Care

We offer high-quality products from Medline, a nationally recognized supplier of high-grade devices, and other highly regarded suppliers. Most items in this category are covered under insurance but require a visit with your physician and a prescription.

- Semi-electric hospital beds
- Trapeze devices, both bed mounted and freestanding
- Hydraulic patient lifts
- Geriatric chairs
- Bed pads (disposable and washable)
- Cervical traction
- Hot and cold therapy products
- TENS units
- Air mattresses

Bath Safety

Bath safety is a major component of home medical equipment. Products include:

- Bedside commodes
- Toilet seat risers
- Variety of bath seats and benches
- Tub lifts
- Grab bars
- Bath mats
- Handheld shower heads
- Toilet safety frames

Seat Lift Mechanisms

We offer a wide range of lift chairs, all from Golden Technologies, an American company. There are more than 20 models to choose from, in a variety of fabrics and colors to suit almost anyone's home décor, and sizing options to fit any body type. They also have add-on options to choose from, including heat and vibration, zero gravity positioning, extenders and color-coordinating accent pillows.

Manual Mobility

All of our walkers, rollators and manual wheelchairs come in various widths and weight capacities, making them personalized just for you. All mobility items are reimbursable under Medicare guidelines. They require a face-to-face appointment with your physician and a prescription, and certain guidelines must be met to be covered.

- Straight canes
- Quad canes
- Crutches
- Hemi, standard and rolling walkers
- Rollators
- Knee walkers
- Manual wheelchairs and related accessories

Post-Mastectomy Products

We now offer products for clients who have had lumpectomies or single or double mastectomies. Products include pocketed bras and both foam and silicone forms from recognized companies like Amoena™, Trulife and Jodee®.

Call us to make an appointment with our certified fitter and be seen in our dedicated, private fitting area.

Power Mobility

We offer top-of-the-line power mobility products from Golden Technologies and can assist in getting the necessary forms and other documentation needed to qualify a client for insurance coverage.

- Power-operated vehicles (scooters)
- Power wheelchairs

Diabetic Shoes and Inserts

Diabetics with an accompanying foot condition may qualify for one pair of shoes and three pairs of inserts per year through their insurance. We offer products from great manufacturers like Dr. Comfort® and Aetrex® and have over 100 styles to choose from, including athletic, casual and dress styles for both men and women. You will be measured each time you come in for shoes to ensure you get a perfect fit every time.
