

# Paris Women's Center Ending Obstetrical Services

**Henry County Medical Center is ceasing  
newborn delivery services and obstetrical services  
on Sept. 1, 2023**

- HCMC is ready to help patients re-establish care at a clinic of their choosing as quickly as possible. The closest available in-state locations for obstetrical care include: **Martin, Clarksville, Jackson, and Union City.**
- PWC can transfer patient records to a preferred provider, but in order to obtain patient records, patients need to proceed to HCMC's Medical Records/HIM Department in the hospital. Office hours are Monday-Friday, 8 a.m. to 4:30 p.m.
- PWC would like to see all of their patients again, even if they have already established OB care elsewhere. The clinic will have a Henry County Quilting Guild baby quilt and an East Wood Church of Christ baby receiving blanket for those babies we had started prenatal care and can no longer deliver at HCMC.
- Gynecological care for women's wellness and for problem GYN, including surgery, will continue in our clinic in Paris.
